An Update from Bretton Woods

Hello,

Wednesday evening, we were successful... the Davis City Planning Commission APPROVED the Bretton Woods Tentative Maps.

We want to thank the members of the Planning Commission for their time and effort to move Bretton Woods closer to construction.

Overall, we were able to retain the attributes and amenities in the plan.

We were unsuccessful on the paths, now concrete rather than asphalt. We persistently fought, unsuccessfully, for asphalt due to the comfort and totally unnecessary additional cost to Bretton Woods' homeowners.

We are continuing to complete construction documents and going out to the builder marketplace starting next week. *Full Speed!*

Thanks again for your support and good wishes to all.

Cordially,
Dave Taormino
